11 Walla Vista
Stinson Beach

Offered by Seadrift Realty

An Oasis Steps from the Beach...

A private road takes you the short distance to the distinctive house with the green tile roof!

Admired by many and seen by only a few, this home is one house back from the Ocean at wonderful Stinson Beach. The owners love of Asia have brought a beautiful street side landscape that tips you off to the beauty inside the gate.

The main house has a wonderful, large living room, dining kitchen open design. The possibilities for family gatherings, neighborhood parties or quiet winter evenings are endless.

Anchored by a large rock fireplace, flanked by bookshelves, the room has open beam ceilings and lots of glass looking out onto the private patio and garden and up to the peaceful Mt Tamalpais Ridge. The colors of the hills change throughout the day and the seasons.

Master bedroom with stunning en suite bath as well as a large built-in desk that looks out to the front deck with built-in hot tub.
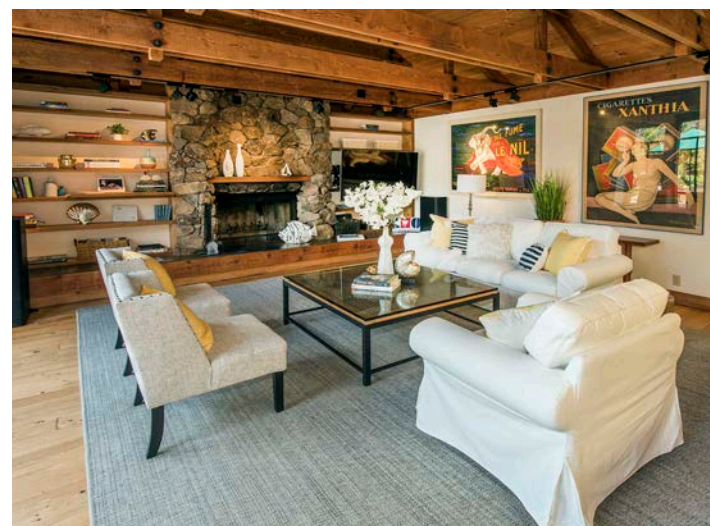

Second bedroom is large enough for several children or a quiet guest.

Kitchen has wonderful countertops, gas range, Miele refrigerator and lots of cupboard space. All that and part of the party as well!

The yard was designed by Michael Bernsohn of Las Baulinas Nursery to reflect the love of Asia with maples, weeping cherry and hedge of bamboo. Meandering stream bed reminds you of the peacefulness of a creek while you listen to the waves crashing a few feet away!

A separate cottage with bath lots of light offers a wonderful guest suite or private studio.

A wonderful, unusual offering hidden at Stinson Beach.
